

Home Learning AUTUMN 2020

Dosbarth Caerdydd a Dosbarth Teifi
Friday 23rd October, 2020

This week we have been...

- Multiplying and dividing by 10 and 100 .
 - Using a ruler to measure accurately.
- Converting between units of measurement - cm to mms and mm's to cms.
 - Writing instructional texts - recipes.
- Writing instructions to show what we have learnt about instructional texts.

ENRICHMENT DAY

We presented our research collected on our chosen place of worship in our learning journal.

We did this creating a non-chronological report with key sub-headings which included important information. We then sketched carefully our chosen place of worship using art techniques. To finish off our learning of identifying and writing instructional texts, this week we created our own instructions on 'How to make fizzy sherbet'. We then used these instructions to create our own sherbet. We taste tasted our sherbet and decided if we needed to alter our recipe with any of the ingredients.

HOME LEARNING

Our home learning focus is for all children to have quick mental recall of their times tables facts. Knowing their times tables securely will help them greatly with their number work this year - without secure times tables, children will find division, fractions and percentages much harder. There are a number of websites that can be used to practise times tables:

Top Marks - Hit the Button
timestables.co.uk
mathisfun.com

There are also a variety of songs of times tables to listen to on You Tube !

- There has now been a home learning grid uploaded on your child's google classroom. This will run across the Autumn term. If your child is at home due to illness, please feel free to use this home learning grid to support learning at home.

P.E days are a **Monday** and **Thursday**. For the time being, your child is expected to come to school in appropriate clothing and footwear so that they can take part in P.E activities without the need to change clothes.

We appreciate your support in ensuring this happens so that **ALL** children can participate safely.

We hope you all have a safe and happy half term - don't forget that Monday 2nd November, 2020 is an INSET DAY.

As always, we are here to help and support, so please feel free to contact us via the office if you need to.

Enjoy the weekend !

Mrs Crowther, Miss Whelan and Mrs Edwards.
