

Week Ending:
Friday 28th September.

Reception class news at Ysgol y Ddraig

Reminders

Coats-

As the weather has got colder especially in the mornings, could all children please come into school with a coat. Children go outside daily and first thing.

Class library trip-

We have been invited to visit the library on Tuesday 2nd October by our local librarian Kathy. There will be a shepherdess and sheep during the visit that will be telling the class fantastic stories. Could all children's consent form slips be brought back into school by Friday. Thank you 😊

This week...

In mathematics, we have been exploring patterns using colour, shape and pictures. We went on a hunt in our Forest school to collect natural resources and then with friends created 2 and 3 step repeating patterns. We talked about what the word 'repeating' means and looks like in the patterns we made. In literacy, Fred the Frog decided to ide all the sounds we have been learning in RWI around the school. We had to go on a sound hunt to find them all to make sure they were back safely. This helped us practise identifying our sounds and pronouncing them correctly. Our class story 'Day Monkey, Night Monkey' has helped us learn about light and dark colours. We used light colours to paint a sunset.

Thank for your continued support.

Miss Whelan & the Reception team 😊
