

# Home Learning AUTUMN 2020

## Dosbarth Caerdydd a Dosbarth Teifi Friday 6th October, 2020

### This week we have been...

- reading analogue and digital clocks.
- converting between 12 and 24 hour times.
- comparing story ideas using King Midas myth.
- using reference skills to locate castles of Wales.
  - reading maps using grid references.
- creating sequences in Gymnastics using low level apparatus.

### ENRICHMENT DAY

This week we researched into weapons that would be used to invade castles. From this we planned and carried out a science investigation to investigate into the key question 'How does the weight of the counter balance affect the distance a missile travels'. We made our predictions and then used every day class equipment to create our own trebuchets to set our key question to the test.

- All children have accessed their new Google Classroom page.. The class code is **qpk5345**. Every child has been given a copy of their relevant passwords to keep at home for online access should the need arise.

### HOME LEARNING

- There has now been a home learning grid uploaded on your child's google classroom. This will run across the Autumn term. If your child is at home due to illness, please feel free to use this home learning grid to support learning at home.
- Please practice telling the time using an analogue clock face - particularly minutes past the hour and minutes to the hour.
- We will be working on the 3 times table and quick recall of the times table facts next week.

P.E days are a **Monday** and **Thursday**. For the time being, your child is expected to come to school in appropriate clothing and footwear so that they can take part in P.E activities without the need to change clothes.

We appreciate your support in ensuring this happens so that **ALL** children can participate safely.

**We will be celebrating Children in Need next Friday, Friday 13th November, for this we ask that your child comes into school dressed in 'colours of the rainbow'. Payments can be made through parent pay or in the collection bucket at the school gate in the morning...**

As always, we are here to help and support, so please feel free to contact us via the office if you need to.

Enjoy the weekend !

Mrs Crowther, Miss Whelan and Mrs Edwards.
