Dosbarth Hafren a Dosbarth Caerffili

Week Ending: Friday 22nd March 2019

This week, in literacy we have been focusing on our research skills. We have been working in small research groups to find information on some of the causes of heart disease in readiness to write reports about this next week.

In maths we have been reading and interpreting line graphs, ordering and dividing decimal numbers.

In our topic work we have made 3D models of the heart, looked at rhythms in music and have made line graphs using excel. We collected data for these by looking at our own heart rates and the times we took to run laps.

Have a lovely weekend.

Mrs. Davies and Mr. Oldfield
