Nursery Graduation .

The parents of the children going to Reception in September are invited to our Nursery Graduation on Thursday 19th July at 10.30 am. Please come to the main Reception as the event will take place in the school hall.

What we have been doing this week

This week we have.....

The older children have mostly been preparing a special souvenir of our time in Nursery - wait to find out more.

The younger children have been practising similar skills but not making the gift. We have been developing our gross motor skills by taking a journey on the pirate ship and balancing on the pirates plank.

Move up Monday - The N2 children enjoyed their morning in Reception with their new teacher Miss Whelan. This coming Monday will be another chance to spend the morning in their new class with our our second Move Up Monday. Arrangements will be the same as last week with children being dropped off at 8.50 at the Reception class and picked up at 11.30. There is an opportunity for children and one of their carers to stay for lunch. Please make sure you have returned the booking slip. Those staying will make their way to the dinner hall once the children have been picked up.

Beach Day

On Wednesday 18th of July we will be having a special 'Wow' beach day in Nursery. This is an alternative to a trip as we know that it can be difficult for families to organise an accompanying adult for each child. We will transform Nursery into our very own beach resort, with puppet shows, bubbles, games, paddling pools, sand and ice-cream - Fingers crossed that we have nice weather

Please wear shorts and t-shirt.

Also, we are on the look out for some paddling pools to borrow.
