

### Literacy and Language

Create a storyboard for a film idea and decide where the film will be set. (Slide 9)

### Maths and Numeracy

#### Problem Solving

See the slides 2,3 and 4 for maths tasks.

### Humanities

#### The History of Movies

Create a fact file showing what you have learnt from the clip (use slide 5)

[The history of movies \(click here\)](#)

### Expressive Arts

Create your own 'Just Dance' video to be used by the class.

- Choose an appropriate song
- Choreograph a routine.
- Film it and upload/attach the video to this assignment on google classroom. Or, upload the video to Seesaw.

## **Discover, Creativity and Expression**

**Summer 2024**

### Health and Wellbeing

#### Learn how to bake or cook something.

Could you make a healthy treat or a new meal?

Upload a picture of your finished dish (see slide 6)

### Science and Technology

#### Create a short stop-motion animation.

- Recreate a shortened version/trailer for your favourite movie using stop-motion animation.

Many free apps are available.

Stop Motion Studio

### Expressive Arts

#### Create your own movie soundtrack!

Use homemade percussion instruments or the link to an online music making app below:

<https://musiclab.chromeexperiments.com/Song-Maker>

(Slide 7)

### Expressive arts

#### Learn to sew
