

# Class News

Dosbarth Caernarfon

Week Ending: Friday 4th December

In Maths , we have been looking at placing numbers on a number line, and also adding several numbers together. We have been completing our Google Classroom activities involving x22, x5 and x10 times tables.

We have been reading descriptions of UK holiday destinations, highlighting the pluses and minuses of each one. Stranraer was the most popular choice in our class.

On Wednesday , we all enjoyed watching an on-line pantomime, "Robin Hood and his socially distanced men". *Oh no we didn't!!* The children have been practising logging on to Google Classroom as part of our ICT tasks. Again, please could you sit with your child so as to ensure that they are able to do this outside of the school setting. All passwords were sent home before the half term break.

If replacement cards are required, please notify the school and these can be sorted out.

## Reminder:

- Any pupil wanting to bring in Christmas cards, we have a box in our classroom and the cards will be distributed after a period of quarantine.
- Please can all children bring in coats as the temperature is dropping sharply.
- A polite reminder that pupils bringing scooters and bicycles into school, are not permitted to ride these until they have completely left the school grounds. Year 3 pupils have been seen riding along the path and accidents have been narrowly avoided.
- Please could you practise the following times tables at home: x2, x5 and x10.
- Another reminder about the need for healthy snacks for breaktimes.

Have a lovely weekend and stay warm!

Mr. Richards Mrs. Roberts & Mrs. Cairns
